Our clinicians provide guidance to set achievable goals, assist in practicing new behaviors, maximizing the benefits of your support system, and gain the knowledge and skill to continue personal growth beyond the therapeutic setting.

REFERRALS: For patients/clients who wish to continue treatment beyond the HMO or insurance benefits, our clinicians will provide treatment options and resources. The staff is knowledgeable in community resources that are cost-effective.

CRISIS INTERVENTIONS: LBH therapists have experience in assisting patients/clients through critical situations. They will guide you through the immediate crisis and develop a treatment plan to resolve the presenting problem.

FEES: All fees are due at the time services are rendered. Patients/Clients are responsible for the co-payment, deductible, and any other fees as outlined by their insurance benefit plan.
